MENTAL HEALTH STATUS REPORT
OCTOBER 2019**

STAFFING:

The Mental Health Department has a Monroe TCM vacancy and a 2 Monroe FCM vacancies. One of the FCM positions we will are not filling at this time due to the budget.

BUDGET:

The budget is very tight this year and we are being very conservative with funds. We are taking a look at all of our MH programs and services to see where we can tighten things up to reduce our costs, while continuing to provide all mandate services.

PROVIDERS:

- Our residential providers are all reporting projected deficits.
- The CBT (Cognitive Behavioral Therapy) groups in the correctional facilities are currently on hold. The current provider gave notice that they could not provide this service anymore. We continue to look for a county contracted provider to continue the service as soon as possible.
