

**CARBON-MONROE-PIKE MH/DS
MENTAL HEALTH STATUS REPORT
March 2021**

STAFFING

The MH Department has one Monroe TCM open position.

BUDGET:

No updates.

GENERAL:

Providers are continuing the process of getting the consumers and staff vaccinated through their relationships with the pharmacies that they utilize on a regular basis. There have been a few outbreaks in a couple of group homes and the providers have done a great job of swiftly recognizing, quarantining residents and staff, and getting assistance from RCAT (Regional Congregate Care Assistance Teams) to deal with the situations which has minimized the spread.

Our Case Management Departments are working on returning to more face to face contacts, both virtually and in person. Many of our consumers are struggling and phone contact is just not enough for many of them. We are trying to make sure that we are identifying Social Determinants of Health needs and doing what we can to address and link to resources and services.

DEPARTMENTS/PROJECTS:

- **Administrative Case Management:**

ACM Department completed 28 intakes and 152 screening calls in February 2021.
